

Discussion and workshops with Box Black Installation and Performance

Refugee Black Box Installation „City Parade“

Saturday, 6.10.2018, 4pm till 6pm, in Jena

We call on you to endorse and symbolize the Stop deportation struggle with the refugee Black Box. We want to revive the political tools of our struggles on related topics „disrupt the persecution and eu authoritarianism“ against refugees and migrants.

The struggles of refugee resistance and justice is by our continuity in Germany. Support the refugee political movement!

To all Refugee Activists, Asylum Seekers and Migrants:

We are calling on refugees/Asylum Seekers and Migrants to build trustworthy Communities to strengthen our solidarity against the continuous inhumane treatments in Germany and Europe. Self-organization goes beyond telling our stories and our problems to the others. Its objective should be empowering through an independent political platform and self-determination in the refugee/Migrant community with refugee/Migrant activists and for the refugees/Migrants.
